4. Miscellaneous Charges and Increases in Charges. (a) Customer shall pay any federal, state, and local taxes, fees or charges which are imposed upon the equipment, the installation thereof or performance of the Services provided for herein, including any increase in charges to Contractor for facilities required for transmission of signals under this Agreement.

(b) At Contractor's option, a fee may be charged for any false alarm caused by Customer or for any unnecessary service run. If either Contractor or Customer is assessed any fine or penalty by any municipality or fire or police protection district as a result of any false alarm, Customer shall pay the full amount of such fine or penalty.

(c) Installation charges set forth herein assume installation will be performed during Contractor's normal working hours and using its own personnel. If Customer requests this installation or any part thereof to be performed outside ordinary business hours, or if the installation must be performed by outside contractors because of Customer's requirements, the installation charge is subject to adjustment.

(d) If any governmental agency requires any changes in the System originally installed, Customer agrees to pay for the cost of any such changes.

(e) The prices stated herein for the System and Services to be provided are based upon the number and type of components, type of security, and service specified in the Schedule of Equipment and Service. Should Customer request or require additional equipment protection, security devices or services, the final contract price will be adjusted accordingly.

(f) Amounts payable to Contractor hereunder that are past due shall accrue interest at a rate of 18% per annum, compounded monthly.

5. Further Obligations of Customer. (a) Customer, at its own expense, shall supply appropriate uninterruptable AC electric power, outlets for such power, located according to Contractor's requirements, and telephone company interconnection jacks, if required.

(b) Customer shall not tamper with, alter, adjust, add to, disturb, injure, move, remove or otherwise interfere with equipment installed by Contractor, nor shall Customer permit the same to be done by others. If any work is required to be performed by Contractor, by Customer's breach of the foregoing obligations, Customer will pay Contractor for such work in accordance with Contractor's then current prevailing charges for labor and material.

(c) For those Premises where Contractor is to provide central station service, Customer shall furnish Contractor in writing a list of the names, title, residence addresses, phone numbers, and signatures of all persons authorized to enter the Premises of Customer during scheduled closed periods and shall be responsible for updating such list. In cases of supervised service, Customer shall also furnish Contractor with an authorized daily and holiday opening and closing schedule.

(d) Customer shall carefully and properly set the alarm System each night or at such other times as Customer shall close its premises. Customer shall carefully and properly test the alarm System prior to each closed period and shall immediately report to Contractor any claimed inadequacy in or failure of the System. Customer shall perform a daily walk test of any motion detection equipment used on the Premises.

(e) Customer shall permit Contractor access to the premises for any reason arising out of or in connection with Contractor's rights or obligations under this Agreement.

(f) Should any part of the System be damaged by fire, water, lightning, acts of God, or any cause beyond the control of Contractor, any repairs or replacement shall be paid for by Customer, ordinary wear and tear excepted.

(g) Any claim by Customer for improper installation or a defect in the System shall be made in writing to the Contractor within 30 days after installation is completed.

(h) Customer represents and warrants that Customer is the owner of the Premises or, if not, that the owner thereof agrees and consents to the installation of the System on the Premises. Customer shall indemnify and hold Contractor harmless from and against any losses or damages, including attorney fees, resulting from breach of such representation and warranty, or from Contractor's inability to recover leased system components where Customer moves out of the Premises.

(i) For those Premises where Contractor is to provide central station sprinkler supervisory and waterflow alarm or automatic fire alarm service, Customer warrants and agrees that all alarm valves, gate valves, tanks, pumps, compressors, inspector test connections, or other elements of the sprinkler system as now installed or to be installed, are, or will be, corrected at Customer's expense so as to be acceptable to the insurance and other authorities having jurisdiction when equipped with Contractor's signaling devices. Customer further agrees to furnish any necessary water through Customer's meter and at Customer's expense, to place hoods over any open forges or fires, and to pipe all boiler blow-offs and steam exhaust outside the Premises

(i) For those Premises where closed circuit television equipment is provided, Customer will provide adequate illumination under all operational conditions for the proper operation of the closed circuit television camera and will provide any necessary AC power supply where required as well as shelf or desk space for monitors.

(k) Customer assumes full responsibility for the operation of any and all bypass or switch units provided for disconnecting or reconnecting the alarm sounding and I or transmitting equipment at Customer's Premises.

6. Further Obligations of Contractor; Limitations. (a) Contractor shall not be held responsible or liable for delay in installation of the System or interruption of Service, due to strikes, lockouts, riots, floods, fires, lightning, acts of God, or any cause beyond the control of Contractor, including interruptions in telephone service. Contractor will not be required to supply service to Customer while any such cause continues.

(b) For those Premises where monitoring service is provided, Contractor, upon receipt of an alarm signal from Customer's Premises, shall make every reasonable effort to transmit the alarm promptly to the police or fire department having jurisdictions (except that, to avoid false alarms, Contractor retains the right, in its sole judgment, to first investigate the cause of such signal by either telephoning Customer or dispatching a representative to Customer's Premises to determine whether an emergency condition exists, warranting transmission of the signal to the police or fire department). Contractor shall also make a reasonable effort to notify Customer's designated representative by telephone of every genuine alarm received, unless instructed to do

(c) In case of possible telephone line trouble detected by Contractor, Contractor shall contact the telephone company and request that they determine the location of the trouble, if unknown to Contractor. When the trouble has been traced to a specific Customer, Contractor will make a reasonable effort to notify Customer or his designated representative. If any service or repair to Customer's equipment becomes necessary, Contractor shall, at Customer's request, dispatch a representative to Customer's premises for the purpose of making the necessary service or repair, which service or repair will be paid for by Customer at Contractor's standard rates unless covered by maintenance services provided by Contractor hereunder. It is understood that the telephone company is not the agent of Contractor, and Contractor shall not be liable for the telephone company's negligent performance or delay in performance.

(if) For those Premiers where part access security is provided. Contrador agruence no reasonability or liability for last or stolen assessed agriculture.

(e) For those Premises with a direct connection to the municipal police, fire department, or other agency shown, it is mutually understood and agreed that signals transmitted hereunder with the monitored in municipal police and I or fire departments or other locations, and that the personnel of such municipal police and I or fire departments or other locations are not Contractor's agreent, nor does Contractor, assume any responsibility for the manner in which such signals are monitored or the response, if any to such signals.

agent, nor does Contractor assume any responsibility for the manner in which such signals are monitored or the response, if any, to such signals.

(f) For those Premises where maintenance services are provided, Contractor will bear the expense of all ordinary maintenance and repair of the System due to normal wear and tear. The expense of all extraordinary maintenance and repair due to alterations in Customer's Premises, alterations of the System made at the request of Customer or made necessary by changes in Customer's Premises, damage to the Premises or to the alarm system, or to any cause beyond the control of Contractor, shall be borne by Customer. Customer agrees to furnish any necessary electric current through Customer's meter and at Customer's own expense with an outlet within 10 feet of the System control panel. It is mutually agreed that the work of installation and Contractor's periodic inspections, repairs and tests of the System shall be performed between the hours of 8:00 a.m. and 5:00 p.m., exclusive of Saturdays, Sundays, and holidays. EXCLUSIONS.

Maintenance on the following devices will be provided only on a time and material basis: (1) window foil, (2) security screens, (3) any exterior mounted devices and (4) PROM (Programmable Read Only Memory). Maintenance service will not apply to any condition to which the equipment warranty specified in paragraph 2 does not apply. Contractor's obligation relates to the maintenance service will not apply to any condition to which the equipment warranty specified in paragraph 2 does not apply. Contractor's obligation relates to the maintenance service will not apply to any condition to which the equipment warranty specified in paragraph 2 does not apply. Contractor's obligation relates to the maintenance service will not apply to any condition to which the equipment warranty specified in paragraph 2 does not apply. Contractor's obligation relates to the maintenance service only after inspecting the System and described in this Agreement. Contractor is in

7. Title to Equipment and Use of Leased Systems. Any equipment installed on Customer's premises that is leased from Contractor shall at all times remain solely the property of Contractor, and Customer agrees not to permit the attachment thereto of any equipment not furnished by Contractor. If is further understood and agreed that Contractor may remove or abandon said System, in whole or in part, upon termination of the lease by lapse of time, default of any monies due hereunder, or otherwise without any obligation to repair or redecorate any portion of the protected premises. Such removal or abandonment shall not be held to constitute a waiver of the right of Contractor to collect any unpaid charges that have accrued hereunder.

8. Termination. (a) Contractor may terminate this Agreement immediately upon written notice in the following circumstances: (i) if Customer defaults in the performance of any of the terms and conditions of this Agreement, including the failure to make any payment as agreed herein, in which case the balance of the monies due for the unexpired term of this Agreement shall become immediately due and payable; (ii) if Contractor's central station, the telephone line, wires, or Contractor's equipment at Customer's premises are destroyed or so substantially damaged that it is commercially impractical to continue service to Customer's premises; (iii) if Customer fails to follow recommendations made by Contractor for repair or replacement of defective parts of the System not covered under the limited warranty or maintenance service provided for herein, or if Customer's failure to follow operating instructions properly results in an undue number of false alarms, or if the premises in which the System is installed are so modified or altered after installation of the system as to render continuation of service impractical; and (iv) as provided in paragraph 9 relating to assignment.

(b) Customer may terminate this Agreement, in the following circumstances: (i) immediately upon written notice, if Customer's Premises are, by any cause beyond the control of Customer, destroyed or so substantially damaged that it is commercially impractical for Customer to continue any operations at such Premises; (ii) as provided on the front page relating to expiration; or (iii) as provided on the front page relating to price increases.

(c) Should Customer default in the payment of his account, Customer shall be responsible for the payment of all fees, including reasonable attorney fees incurred by Contractor in the collection of Customer's account.

(d) Upon termination of this Agreement, Customer shall permit Contractor access to Customer's premises in order to deactivate any telephone line signalling device.

CHANGE TO SERVICE

9. Assignment. This Agreement may be assigned by Customer to any subsequent occupant of the Premises, so long as Contractor receives 30 days advance notice of such assignment, within which the assignment may be accepted or this Agreement may be terminated by Contractor in its sole discretion. No such assignment by Contractor shall relieve Customer from any liability hereunder. This Agreement may be assigned by Contractor to any successor to Contractor's business, in which case Contractor shall be relieved of all liability hereunder. Notwithstanding any assignment of this Agreement by Contractor, the limitations of Contractor's liability contained in paragraph 1 shall continue to apply to Contractor.
