1	Annual Inspection of Backup Power System with Lab Analysis of Coolant and Oil Samples. (Oct. 2025)	570.00	570.00
1	Perform 2 Hour Load Bank on Backup Power System (April 2026)	645.00	645.00
1	Semi-Annual Inspection of Backup Power System (April 2026)	520.00	520.00
	SUBTOTAL		1,735.00
DMV			
1	Our records show it is time for a 5 Year Service. Fluid analysis shows non magnetic solids in the coolant that should be removed. These solids could be parts of radiator hoses that are coming apart, and over time could plug radiator cooling tubes and cause a cooling system failure.(Oct. 2025)	1,553.73	1,553.73
1	Semi-Annual Inspection of Backup Power System (Oct. 2025)	520.00	520.00
1	NFPA 110 and battery manufactures recommend battery replacement on emergency generators every 24 to 30 months, too insure equipment reliability during an emergency situation. G31 (April 2026)	321.05	321.05
1	Annual Inspection of Backup Power System with Lab Analysis of Coolant and Oil Samples (April 2026)	570.00	570.00
	SUBTOTAL		2,964.78

Sales Tax (6.0%)

Customer declares that customer holds title to property in which merchandise is being installed or repaired and/or has legal authority to accept the proposal outlined above. Customer agrees that the equity in this property is security for this installation or repair. Northwest Power Systems retains title to all materials and property listed herein until all payments have been made in full. Accounts not paid within 30 days of receipt of invoice are in default and subject to the greater of a monthly late payment charge of \$25 or interest of 1.5% per month (18% annually). Customer agrees to pay all reasonable attorney and/or collection fees incurred by Northwest Power Systems or its owners/affiliates to secure payment for merchandise and services. Verbal promises can cause misunderstandings, therefore this suggested service constitutes the entire understanding of the parties, and no other understanding, collateral, verbal or otherwise, shall be binding, unless signed by both parties.
