RE: Request for Resolution to Authorize Transfer of Motorola APX6500 Mobile Radio to Wilder Police Department

Dear Members of the Canyon County Board of Commissioners,

I am writing to respectfully request consideration of a resolution authorizing the allocation of one Motorola APX6500 mobile radio serial number 527CWV1290 to the Wilder Police Department to maintain and strengthen interoperability among public safety agencies within Canyon County.

Interoperable communications are essential to effective law enforcement operations, particularly during mutual aid responses, multi-agency incidents, and countywide emergencies. The Motorola APX6500 mobile radio is fully compatible with Canyon County's 700/800 MHz radio system and supports the shared talk groups used by law enforcement agencies throughout the county. Providing this radio to the Wilder Police Department will ensure they can continue to communicate seamlessly with the Canyon County Sheriff's Office, dispatch, and other public safety partners.

The requested radio will enhance officer safety, improve situational awareness, and support coordinated response efforts during critical incidents. Maintaining consistent radio equipment standards across agencies reduces communication gaps and aligns with best practices for public safety communications and regional interoperability planning.

Thank you for your consideration of this request. I am available to provide additional information, including operational justification or inventory details, should the Board require it.

Respectfully,

Christine Wendelsdorf
